

Barbara Mulach, Ph.D.

Dr. Barbara Mulach is a Biologist in the Division of Microbiology and Infectious Diseases (DMID) at the National Institute of Allergy and Infectious Diseases (NIAID), a component of the National Institutes of Health (NIH).

Dr. Mulach earned a Ph.D. in biochemistry from the University of Alabama at Birmingham and joined NIH in 1999.

In her current position she serves as the Acting Chief for Policy, Legislation and Communication which includes preparing and coordinating DMID responses to requests from the Congress, the Department of Health and Human Services, and the public. For the past several years she has helped coordinate programs in biodefense research, and received the NIH Director's Award in 2002 for her contributions as part of the Bioterrorism Research Development Team.
